Forecast for Wednesday 10 Nov 2021

Weather: A cloudy start with outbreaks of generally light rain and drizzle. By mid-morning rain tending to ease with cloud becoming more broken and some brighter spells across the area into the afternoon.

Chance of cloud free mountain/hill tops above 600m: 30% at first becoming by mid-afternoon 80%

Visibility: Moderate in rain and drizzle for many to start, and very poor in hill fog with patchy cloud bases down to 300-500m during the morning. Cloud becoming increasingly patchy and broken through the day however, with visibilities becoming generally good as conditions become drier.
